DON’T LET GERMS COME TO WORK IN YOUR OFFICE. COUNT ON CLOROX FOR A CLEAN AND PRODUCTIVE WORKPLACE.

OFFICES & WAITING AREAS HAVE GERM HOT SPOTS:
- The telephone (48%), keyboard and mouse (38%) are considered germ hot spots in the office during cold and flu season.¹
- Bacteria like MRSA can live on the fabrics of couches and office chairs for more than a month.²
- Bacteria can be transferred to and from fabric cushions to people.³

BREAKROOM SURFACES ARE OFTEN CONTAMINATED:
Researchers have tested surfaces in various offices and reported the percentage of surfaces they found with high bacterial contamination⁴:
- 75% of breakroom sink faucet handles
- 48% of microwave door handles
- 26% of refrigerator door handles

IMPACT OF OFFICE ABSENTEEISM, BY THE NUMBERS:
- 111 Million — Workdays lost each year due to the flu⁵
- $7 Billion — Cost per year of sick days and lost productivity⁶
- 54% — Decrease in productivity/output caused by unplanned absences⁶

WHY USE CLOROX® OFFICE SOLUTIONS?

- Offices have a variety of needs and challenges. Clorox has solutions to keep your office clean and comfortable.
- Kill illness-causing bacteria and viruses that live where your staff works, eats and gathers.
