Surface Compatibility

This product is safe for use on these surface materials.*

Porcelain / Glazed Porcelain

PRO TIP

If you're unsure about compatibility with a certain surface, contact the manufacturer or test it on the surface in an inconspicuous area prior to using it more widely. To prevent residue build up and further reduce the risk of potential surface damage, wipe periodically with a clean damp cloth to remove residue and excess disinfectant.

* Compatibility with equipment and surfaces will vary based on the components and material
